

Report of Operative G T Purdy

Sept. 6th, 1926.

SUBJECT: MRS. GIBSON

Operative went to Newark, N. J. to-day in an effort to locate some of the people mentioned by Captain Coakely when I interviewed him, one of whom is Charlie Borach and his wife, who are said to have conducted disorderly houses at 10 Rankin St and 17 Fair St. Located some old timers who remembered the Borachs, but could not find anyone who knew where they are at present. Was informed that Mrs. Borach is the mother of Fannie Brice the actress and wife of Mickey Arnstein.

Tried to locate Harry Clark who is an old timer around Newark. Met one informant who stated that he believes this man Clark works for the Prudential Insurance Company of Newark.

Also tried to locate Henry Schlosser, who was supposed to have operated the house at 47 Orange Street. Located some men who know him and mentioned some places which he frequents. I visited these places, but he had not been around to-day. Made three visits to each of these places, but could not find him. He is known to frequent the neighborhood of Orange and Broad Streets.

Made further inquiries about the house at 47 Orange Street but could not get any information about the house during the year 1902.

Respectfully submitted:
